THE TURN OVER

"Come, let us reason together." This expression is radical and revolutionary, but it will be 'reasonable, 'patrioxic and just,' We must call "a spade a spade," and, wa must give up the ox car for the air plane, if we expect to arrive on time. Letting bygones be bygones, we hava to hand the palm to "Mr. Fred" meaning the crafty, clever white man febr he has had a long and happy time of keeping the wool palled over our cyca. His gain—in afflinence, culture, property, finance and political power—has been our loss: let's be good sports and/forest the past but from snot on, folder, are des stifting right up taith flow and don't you forget in! The marved of tha world is How and the top of the past he had to be a stifting right up taith flow, and to noiversally?

There are 15,000,000 of our group in this good "and of the free and home of the brave." At an estimale average income per week, per person of ten dollar, and a stifting right to the first and for the three whose property of the samaring figure of \$150,000,000 per week in good old culture and the single property of the samaring figure of \$150,000,000 per week in good old states coin, that comes into our hands. Take awdy on-clinid, or even one-half the amount if you wish to be conservative, and there is yet the termendous sum of \$5,000,000 left us to turn over.

and there is yet the tremendous sum of \$75,000,000 left us to turn over.

Now, let us consider this turn over. How much of the amount is turned over in sort cone hand anothy our own business falk in buying even the bare necessities of life? Throughout the entire country, not five percent of the amount. Ureut bead of the church, what is the involle?

Before seven days roll around-ninety-five per cent of all our weekly income, throughout the country, is back in the hands of the people who stay our progress with the hand of oppression, and who ridicule and denounce our justly ambitions

100, 140 who fideule and denounce our justly an GOD GRANT THAT WE MAY RIGHT NOW WAKE UP, AND FORM CO-ORERATIVE BUSINESS COMBINATIONS: THAT WILL KEEP AT LEAST FIFTY PER CENT. OF THE TURN-OVER WITHIN OUR RANKS FOR AT LEAST THIRTY DAYS AT A TIME WHAT A TREMERDOUS POWER THAT WILL GIVE US. DO IT NOW.

WILL GIVE US. DO IT NOW.

Our ma are back from France, they made good, the world known; our women measured up to the demands of the hour in the world, at home and abroad. Let's all get to work for the dunies we let us to go or even small numbers, where there is not a demand for go, or even small numbers, where there is not a demand for go, or even small numbers, where there is not a demand for go, or even small numbers, and young women as derike, stemographed used to a number and young women as derike, stemographed up to a number and young women as derike, stemographed out of the solid and by manufacture; where there should not be stored of all kinds opened in the sections where we live, and keep the money we exam, within the Race. Will we do it?

THERE IS NOT A COMMUNITY IN THE LAND BUT WHERE THERE ARE SCORES OF WHITE PEOPLE WHO HAVE FATTERED, THEIR PURSES ON OUR MONEY, MONEY THAT WE HAVE FATTENED, THEIR PURSES ON OUR MONEY, MONEY THAT WE SHOULD HAVE INVESTED IN BUSI-NESS AND MADE OPENINGS FOR OUR SONS AND DAUGHTERS. ARE WE COINGTO STOP THAT FOOLISHNESS NOW?

There are many while business men, who out of fairness of mind, or eleverness, meet us half way, if the pressure is strong enough. They will give employment to some of our people. There are not too many of these. The most faickering, sight is our national existence, however, is that class of whites who grow rich from our money; refuse to employ any of the who grow pick from our money; refuse to employ any other peoples get to refuse you with praspersity, more away, and then look on us with contempt. Are we going to let this practice continue forever!

It is not nonlined that there is now in process a wooderful.

look on us with contempt. Are we going to let this practice continue forever?

It is our opinion that there is now in process a wonderful furn over on the "Turn-over." Evidence points to it from all sections and all sources. Gigantic co-operative combinations, involving hundreds of thousands, and even millions of dollars are being formed. Our banks and insurance companies, and a few other lines of "business, have absorbled it tremendous unrount of our national mis-directed energy." Their achievements are only the beginning of tremendous things to follow. Fear of investment has vanished; confidence has taken the sullen place of skepticism. Thare may, and will be, failures, and there may be an occasional fraud, but these will be an onching compared to the mighty—bosses of the past, and the gains in opportunity and wealth will far offset all losses. From the larger viewpoint, we have all to gain and nothing to loss. Tha other fellow has been getting it all. We must keep going of to indeed we must!

SEGREGATION. WHITES WOULD KICK Nathville. Tenn. Branser
News comes from the Mississippi delts of co-operation among the Negroes in that region in beying large tracts of land. They are sided in this operation by Pederal India learn. In time Negroe farmers may become largely segregated in communities of that kind, but the establishment of an exclusive segrostate is hardly practicable. The movement would be strongly opposed by the white farmers of the South who need the Negro labor and prefer it to any other.

Nagroes in Mississipp may tremble when they read of

BUYING UP THE SOUTH
New Orlean, Times-Frayuse
A striking commentary on the Negro note in Chicago,
Oraiks, Washington and other cities in the North is carried in
the news which comes from Humphreys Coutoty, Miss, where
twenty-from Negro farmers paid \$224,000 for a plantation of
2000 acres. The plantation will be divided into farms and cut

tivated separately. The fact hitst these Negroes have been so prosperous that they have been able to lay down the money needed to make this purchase is significant of their industry and the favorable conditions under which they have lived in the South.

Women and men---women especially---are more and more realizing how much beautiful, soft, glossy, long hair adds to their attractiveness and popularity. You know you often forget a name but not the face of a pretty woman---one who has beautiful, soft, wavy hair.

the largest package, and the only pure white Hair Dressing now offered to the public for 25 cents.

Every package carries the guarantee of the manufacturer --- money refunded if not satisfied.

To Make Your Hair

long, soft, wavy and glossy, you must use a dressing that will destroy all dandruff, keep the scalp clean and free from disease and dist. The ideal hair dressing must contain those ingredients that go directly to the roots of the bair and invigorates its growth. And naturally one prefers the use of a dressing that is pure white and deli-

A White Hair Dressing

Black and White Hair Dressing is a white preparation of the highest quality. The oils and other ingredients used are recognized by beauty specialists everywhere as having merit for promoting the growth of the hair. Black and Whith Hair Dressing is delicately and delightfully perfumed—it has an odor that is distinctive. This new white hair dressing is the best that has ever been offered the public for the money.

How to Make Your Hair Long, Soft, Glossy and Wavy

Black and White Hair Dressing should be applied both night and morning, the length of time dependent

upon the condition of your hair and scalp. The hair and scalp should first be thoroughly cleansed. [There is no better shampoo than Black and White Soap]. Dry the hair well, then gently massage little bits of Black and White Hair Dressing into the scalp. Do this night and momino for one week: then shampoo the hair and morning for one week; then shampoo the hair again. You will find your scalp will be free from dandruff; your stiff, wiry, curly hair becoming longer, softer and easier to brush and comb.

How to Make Your Own Shampoo.

Black and White Soap, as sold in cake form, is about the best cleansing agent that you can use, but some prefer a liquid soap for shampoo. Do this-thinly shave about one-quarter of a cake of Black and Whita Soap and place in a pint of boding water. It is ready for use as soon as it cools.

If your druggist cannot supply you with Plough's Black and White Hair Dressing and Black and White Soap, send 50c to us and both will be mailed postpaid, or, four packages of Black and White Hair Dressing and one bar of Black and White Soap [a \$1.25] order will be sent postpaid on receipt of \$1.00.

You Can Make Good Money Easy

If you have just a little time to spare each day, you can make big money supplying your friends and neighbors with this new Black and White Hair Dressing. Write Plough Chemical Co., Dept. N., for full particulars.
